

Hike to Templane, easy climb

Drive from Lavik towards Lavikdalen approx. 8 km. Turn off at the junction to Strandos, drive approx. 3 km on fv. 91. Notice board with a map on the left a little before the Brattebakk tunnel. Parking on the right before the tunnel opening.

- The tour starts at the notice board and follows the tractor road up to the tunnel roof. The path turns off to the right and follows the well-marked blue trail to the top.
- The hike starts at approx. 250 m.
- Templane lies at 483 m above sea level.
- Easy climb, 1,6 km.
- From the top there is a great view west to Lihesten, Alden and the islands of Værlandet and Bulandet in clear weather.
