

# Massnes Wilderness museum

Bicycle route, 11 km. to the Massnes Wilderness museum. Cycle from the Lavik Fjord Hotel to the harbour and take the ferry to Oppedal on the south side of the fjord. Ferry departs every 20 min.

In Oppedal go left and follow the fv 8 road towards Bjordal. At the large bridge across the Ikjefjord, you can turn right towards the village Ikjefjord. At the end of the Ikjefjord there is an opportunity to hike. A map can be borrowed by the Lavik Fjord Hotel.

When returned to the bridge, cross over the fjord towards the Massnes Wilderness museum. This is a privately owned museum with a variety of taxidermy animals that can be found in the Norwegian wilderness. If the owner has time he can take you to see his black grouses.

There is also a small café at the museum filled with local artefacts and interesting objects. To return, take the same road back.
